## Training Manuals

### When Registered for a Course

Upon registering for a course you will have access to all training materials online. These materials are downloadable, but not printable. For those who prefer learning with a printed hard copy, you can opt to purchase a physical version of the training manual as an additional service. This option is referred to as “Training manual- registered for a course.”

The printed manuals are priced just above the cost of printing. Please note that you will need to arrange and pay for courier services to collect the printed manual.

### When Not Registered for a Course

If you are not currently enrolled in a course but would like to purchase a training manual, you may do so under the “Training manual - not registered for a course” option.

The manuals are available at the prices indicated below.

As with the other option, you will need to arrange and pay for the courier to collect the printed manual.
