

Congratulations!

Your booking was successful.

Course Processes to Competency

FOLLOW THE STEPS

All courses close within 6 months after the course commences. If not completed, you will be required to redo the course.

support@educationforhealth.africa

www.educationforhealth.africa

1 Theory Knowledge – Self-Study

Start Date: Upon receiving login details

Use the login details provided via email to begin the course on the EFHA e-learning portal. Complete all chapters and quizzes in your own time within two weeks and before attending the practical sessions. After completing the quizzes, memos will be accessible to help you prepare for the theory exam.

2

Online Facilitator-Led Contact Sessions

Timeframe: Within the first two weeks of the course

Participate in online, facilitator-led sessions via Zoom. Links will be sent through email and WhatsApp. Ensure you log in 10 minutes before the scheduled session.

3

Theory Examination

Timeframe: Week 3

The theory exam will be conducted online. Only learners who have completed all end-of-chapter quizzes are eligible. The exam will be invigilated, and you must log in to Zoom with your camera on.

7

Certification

Upon successful completion of all exams, your certificate will be issued and sent to the email address provided in your booking form.

6

Practical Examination

After completing assignments, schedule your online practical examination. This will be arranged via email. Upon passing all exams, you will proceed to certification.

4

Practical Days

Timeframe: Week 4

Attend compulsory practical training days, focusing on hands-on experience with EFHA equipment. You may attend only online. When attending online, you must have your own equipment and a practice partner.

5

Workplace Assignment

Deadline: Two weeks after the last practical day

Complete your assignment in an occupational health clinic under supervision. Submission instructions will be communicated and are available on the learner portal.
