

CERTIFICATE OF ATTENDANCE

Occupational Screening Spirometry Refresher

For Certified Spirometry Practitioners and Spirometry Assistants

This **16-hour refresher course** is designed for practitioners who have already completed formal training in occupational screening spirometry and wish to maintain competence, update skills, and remain aligned with current international spirometry standards. The course reinforces best practice in quality assurance, test performance, evaluation, and result management in the occupational health setting.

On completion of this refresher course, participants will be able to do the following within their scope of practice:

- Perform spirometry screening equipment quality assurance tasks
- Prepare for a spirometry screening test
- Conduct a spirometry screening test
- Evaluate a spirometry screening test for validity
- Interpret the spirometry screening test result
- Record and report the spirometry screening test result
- Manage the spirometry screening result

Duration: 16 hours in total
Accreditation: Aligned to SAQA and QCTO requirements
EFHA CPD No: SAMA MDB015/MPDP/071
Course CPD No: SAMA MDB015/MPDP/071/03
CPD (CEUs): 16 Level 1 Clinical at NQF Level 5

Who should attend?

- Certified Occupational Screening Spirometry Practitioners
- Certified Occupational Screening Spirometry Assistants

(Participants must already hold a Certificate of Competence in Occupational Screening Spirometry.)
