Occupational Vision Screening Workplace Assignment Mentoring and Support

Optional Workplace Assignment Support for Enrolled Vision Screening Learners

Mentoring and Review Sessions

These mentoring sessions are designed to support learners who are currently enrolled with Education for Health Africa and are completing their Vision Screening Workplace Assignments. This session provides practical guidance on the automated and non-automated tests, to help you complete your portfolio with confidence.

What we will cover:

Comprehensive Review of Vision Screening Equipment Checks

- Preparation of the environment and equipment checks
- Comprehensive history taking
- Conducting vision screening tests
- Interpretation and management of results
- Identifying and selecting correct clients and visual hazards for your portfolio

Who Should Attend?

- Learners currently completing their Vision screening Workplace Assignment
- Candidates who need support with automated and non-automated testing technique
- Students who would like guidance before submitting their portfolios

What you will gain:

- Greater confidence in completing your assignment
- Clear understanding of automated and non-automated testing requirements
- Support to ensure your portfolio meets all standards
